

In 1990, the Citizens Organization for Police Support II, Inc. — COPS II — became the first tax-exempt volunteer organization in New Orleans dedicated to the support of police officers assigned to the Second District. All dues and donations are used for programs and items designed to enhance the working lives of our officers.

OUR MISSION STATEMENT

COPS II exists to provide support for the officers of the NOPD Second District. We accomplish this in three ways:

Recognition

We express community appreciation for the officers that serve the Second District.

Partnership

We work with Second District officers to Determine ways to improve the quality of their working lives.

Involvement

We strive to involve the larger Second District community to achieve our mission.

OUR ACTIVITIES YOUR OPPORTUNITY *NOW MORE THAN EVER!*

Our police officers put their lives on the line for us daily. This was never more true than during Hurricane Katrina, in which 70% of our Second District police officers lost their homes and possessions. You have an opportunity to back them by joining COPS II.

Join today, because in the wake of the storm your dues and additional donations will help fund urgent needs and regular activities that increase the effectiveness of the Second District officers patrolling the District:

- Certificates to a police equipment supply house given to every officer annually so he or she can purchase uniform items and professional supplies that must be supplied personally
- Mardi Gras Meals, which provides food and refreshments to officers during the Mardi Gras time
- Monthly gift certificates to Second District restaurants and merchants in recognition of excellence in the ranks
- Annual awards luncheon, in conjunction with Touro Infirmary, for officers and their families — during the luncheon winners of the quarterly *Tommy Parker Awards* receive a plaque and small monetary award
- Special purchases for the District when specific needs arise such as computers, emergency repairs, etc.

The men and women of the Second District are extremely appreciative of COPS II and the programs it funds. COPS II is the vital link between the police department and the community, which enables the officers on the street to be more effective. Through this partnership, COPS II provides the Second District with key resources for the police officers who patrol the neighborhoods and businesses of the Uptown community.
